

Artwork Guidelines

Attention:

For best quality reproduction, keep in mind the following tips.

Failure to do so may result in some cropping of the image.

Image

Focus your design in the centre of the paper and then add colour extending to the edges. Artwork should fill the paper, but keep critical elements (such as names/graphics) within $\frac{1}{4}$ inch (7 mm) of paper edge.

DO NOT create a border to define this space.

Some cropping may result.

Medium

Ensure that each art piece is well concentrated in colour. The more colour used, the better. Artwork created with the following works best: crayons, watercolours, tempera paints, markers, paper collage and/or pastels.

DO NOT use glitter or metallic and fluorescent markers. Artwork will be scanned and these mediums do not reproduce well.

Signatures - optional

Each piece could be signed by the artist. The signature must be located a minimum of $\frac{1}{4}$ inch (7 mm) in from the edges.

Finishing Touches

Erase all unwanted marks, lines and smudges. DO NOT submit artwork with any guidelines showing. Make sure the artwork is correctly labelled on the back - see below.

Paper Size - 8 ½" x 8 ½"

Please use proper-sized paper. Budding Artists cannot scan artwork larger than 8 ½" x 8 ½". If your art is larger, the image must be scanned as a 300 dpi jpeg and sent electronically to info@buddingartists.ca or on CD to Budding Artists. Each piece must be ready for print.

Use only a No. 2 pencil to clearly label artwork on the back with:

- artist's name and address
- the word "TOP" to indicate the direction
- when submitting more than 1 piece of artwork, number the back of each one – this becomes your Artwork Number

Shaded area indicates $\frac{1}{4}$ " space subject to cropping.

! CAUTION

Keep critical elements $\frac{1}{4}$ " away from all edges
