# ARTRAGEOUS

**Products:** 20+ quality seasonal giftware

**Free Customized Gift:** Instant download of a customized poster that can be printed at home, or taken to a local print shop - no purchase necessary.

**Profit:** Your group's profit margin is set by you - use our suggested retail, or set your own. Budding Artists determines the wholesale price. Wholesale pricing includes taxes.

**Re-orders:** Mini-fundraising campaign can be offered for a limited time period. School will receive up to 25% of online sales, before taxes.

**Support:** Easy to follow, step-by-step instructions are sent via email to the coordinator. Check the steps off as you go, and get reminders and supporting marketing materials to ensure success!

**Process:** Artwork is gathered at the school, sent to Budding Artists for processing, assigned a unique art code, and then returned to the school with the original piece and ordering instructions; parents use that code to view products online and complete their purchase.

**Images:** up to 2 images per student

**Payment:** Parents pay online when they order, and Budding Artists sends profits along with the finished products.

**Timeline:** Art production up to 4 weeks; campaign 2 weeks; order production and delivery 2 weeks.

**Shipping:** \$1.25/\$1.50 per item; option to hide in the retail price or add at checkout. Products are delivered to the school for easy distribution.

*"The partnership Montessori Academy has with Budding Artists has helped us to raise thousands of dollars to support our school's mission. Every other year our school puts on ArtExpo which highlights our student's art work over the year. Not only does it allow our parents a unique and affordable way to enjoy their children's art day to day, the items you can choose also make wonderful gifts. I highly recommend this program to other organizations!"*  
- T. Sartori, Admissions & Development Coordinator

*"Budding Artists is always part of our annual fundraising plan at Parkwood Children's Daycare Centre. The long lasting products used by Budding Artists to display children's artwork are of high quality, allowing for accurate images. This is the main reason why our families want to participate in Budding Artists year after year. Thank you for providing a fabulous opportunity to preserve the expressions of our children."*

Éduoard-Bond, in Ottawa, has a tradition of raising funds through a **CHRISTMAS CARD PROGRAM**. Artwork is facilitated by volunteers. In the last few years, they offered Christmas ornaments, mugs and art magnets. They have a fantastic participation rate.

A community church group designed a **PERPETUAL CALENDAR** using images children had created. They took orders and did not have to worry about selling more than they needed.

To support South Sudan, the Wesley Knox youth group created **THEMED IMAGES**. The images were displayed during church events and the community ordered products using the images.

A local community organization held a **DESIGN YOUR OWN FATHER'S DAY GIFT**. They charged admission to the event and everyone who attended received a choice of a mug or T-shirt with the child's artwork.

Lord Roberts FI School had a 100 Anniversary and each child made a self portrait. We **DESIGNED A POSTER** for each class using every portrait in the class. The posters were pre-sold and displayed during an art silent auction. The posters were sold for a profit.

Hardboard tiles were created to add a personal touch to a mirror. The mirror was then sold during a **SILENT AUCTION**.
